

ENVIRONMENTAL POLICY STATEMENT

Statement of intent

"AM1 Projects Ltd" (from hereon in will be known as the Company) will make every effort that is reasonably practicable to ensure that the environmental impact of the company's activities will have little or no impact on the environment. The company accepts its responsibility for the environment and best practice will be promoted within our operations and services that we provide".

Aim:

The Company acknowledges that protecting the environment is fundamental to the success of the business and also acknowledges its legal and morale obligations. It is due to this that the company now has a Waste licence issued by the Environment Agency. The Company aims to comply with the terms of relevant environmental legislation, including customer and other regulatory bodies. The Company will aim to prevent any environmental accidents and incidents from within our business and the Company will strive to continuously improve to achieve this aim. The Company will also seek to minimize waste, promote recycling and reduce the consumption of energy, natural resources, materials and harmful emissions. The Company will measure its impact on the environment and set clearly defined objectives to promote continuous improvement. The Company will identify, plan and implement a concise, yet robust strategy that will set the route for achieving the objectives. The Objectives and strategy will be reviewed regularly to ensure they remain relevant and appropriate for the business.

Commitment:

The Company is committed to total compliance and best practice. This Policy is supported in full by the Board of Directors and the company's commitment to the environment is communicated and promoted throughout the company. The Board of Directors are also equally committed to the provision of appropriate resources, such as equipment, information, training and supervision, as necessary to implement this policy and prevent pollution and any environmental impact that it may have in line with its scope of activities, with any waste disposed of by our clients. While the management of the Company will do all that is within its powers to ensure the effects of its actions and service on the environment is eliminated or controlled, it is expected that the company's employees and representative support this policy in making it truly effective. In situations where our workers are under the direct control and supervision of our clients, we will work closely with our clients to co-ordinate and co-operate effectively to uphold the relevant environmental values. All personnel have been made aware of the management commitment to this policy in particular and will continue to communicate health and safety matters professionally and in a timely and effective manner.

Appropriate training and financial company resources will be made available to ensure that all staff members have the skills to implement the above Policy.

This policy will be reviewed annually and will be communicated to all persons working under the control of the Company and will be made available to the public upon request.

A handwritten signature in black ink, appearing to read "Daniel Mardell", is written over a faint, large, stylized graphic element in the background.
